Or someone up there. I need to dig back through my emails to see who told me to go through her.

Wasn't Janie identified by Chris Ruhl to be out POC or did make that up?

That is fine, but that is the process just determined to be final by myself, Janie and HQ OCIR. Most of these requests involve people currently in the JIC and potentially currently working on them in the JIC. In addition, all responses need final JIC approval.

If Janie is not the correct person, I ask for assistance in determining who is.

I will back in the office tomorrow morning, but need to leave for evening tonight.

Thank you.

Rebecca,

I am going to suggest that you not send further congressional questions to Janie. I don't think she is the correct person to be fielding these types of questions.

Hi, All.

I just consulted with Melissa, and we don't think we should be responding to any congressional requests for information without ORC/OGC consultation.

Rebecca, could you work with Richard Sisk and ORC on a process to vet these questions?

Thanks!
